AD HOC REQUIREMENTS COMMITTEE ON PROJECT AQUATONE

AGENDA

**Meeting to be Held Wednesday, 24 April 1957, at 10:00 a.m.
328 Administration Building, Central Intelligence Agency**

1. Re-examination of need for [] coverage. The views of the agencies are requested with regard to any change in the existing understanding, which is that the Ad Hoc Requirements Committee is not requesting coverage to meet its needs.
2. Navy proposal for removal of TALENT markings in emergency packaging (reference: Op-922H1/my Ser NT-00127-57, 8 April 1957), copies of which have gone to the TCO Army and TCO USAF.
3. Question of classification of Western USSR Far East and Satellite list. (The Chair believes that these should be TOP SECRET to permit maximum use among the agencies.)
4. Distribution of DMRs and SRs to Theatre Commanders. Military services should be prepared to indicate the Theatre Commanders that they believe should be on the distribution list.
